Ever wanted to learn how to train your working dog?

1. A well-trained working dog will save you a huge amount of wages, time and effort.
2. You'll learn easy methods to handle your dog without frustration or swearing!
3. This will be one of the best investments of your time you'll ever make.
4. These are 'hands on' practical courses – *bring your stock working dog* or dogs (any breed).
5. Classes are small, with **places strictly limited**.

What the Course will cover.

Your 2-day course will cover:

- The leadership rules of the dog world
- Using the dog's natural instinct.
- Selecting the right pup,
- When to start training your pup,
- How to recall your pup,
- Natural balance techniques,
- Side and stop commands,
- Teaching your dog how to cast,
- Teaching your dog to back sheep
- Barking on command.
- Teaching your dog to force.
- Drafting large mobs with only yourself and a dog.
- Methods of penning up easily.

At the end of the two days you will be left with a simple program to follow. History has shown us that the people who follow the course end up with a very handy working dog!

What you need to do.

Bring your own dogs. the course is very "hands on" -you learn with your own dogs.

Comments by past participants

"The cost of the school was so miniscule compared to the time I could have wasted doing things the wrong way and then ending up with a ruined dog."

"I've always known there was a better way to train a dog. Now I've found it!"

"I wish I'd met you 40 years ago!"

"You made it seem so easy, Ben."

*"Now I can't hear my husband when he's down at the shearing shed – he used to swear a lot and now he actually enjoys working stock!"
(Participant's wife)*

"I always thought my Dad's dogs were deaf...now I know the secret."
